PART 1: BUILDING THE FOUNDATION

1. Plan Your Project

Project Name

Suprise Essence

Target Audience

The target audience for Surprise Essence is teenagers, young adults and adults who enjoy fragrances and want affordable, quality scents for everyday use and special occasions. The website is aimed at both men and women who are interested in discovering and purchasing fragrance essences online.

Project Goals

Main goals of the Surprise Essence website are to:

- Introduce customers to the Surprise Essence brand.
- Display available fragrance products and their prices.
- Provide customers with useful information about each product.
- Make it easy for customers to navigate through the website.
- Provide contact information for customers who want to make enquiries or place orders.
- Create a professional online presence for Surprise Essence.

Website Content

The website will contain the following sections:

- **Home** – Welcomes visitors to Surprise Essence.
- **About Us** – Provides information about the business.
- **Products** – Displays the available fragrance essences and prices.
- **Gallery** – Displays images of the products.
- **Contact Us** – Provides contact information.
- **Footer** – Contains copyright information.

2. Research and Content Gathering

Business Research

Surprise Essence is a fragrance business that provides fragrance essences for men and women. The brand focuses on offering attractive and affordable fragrances that can be used for everyday activities and special occasions.

The website will use product names, descriptions, prices and images to give customers information about the available fragrances.

Products

The initial products for the website are:

Product	Description	Price
Vanilla Essence	A sweet, warm and long-lasting fragrance.	R150
Rose Essence	An elegant floral fragrance with a soft scent.	R180
Oud Essence	A luxurious woody fragrance with a rich scent.	R220

Images and Other Assets

The following images will be collected and stored for use on the website:

- Vanilla Essence product image
- Rose Essence product image
- Oud Essence product image
- Surprise Essence logo, if available

The images will be given appropriate alternative text to improve accessibility.

3. Creating the HTML Structure

The website will use HTML5 to create the basic structure. The structure will contain a header, navigation, main content sections and a footer.

`index.html`

```

4. Organizing My Files

For Part 1, the website files will be organized as follows:

```

Suprise Essence/
├── index.html

```

```
└─ images/  
   └─ vanilla.jpg  
   └─ rose.jpg  
   └─ oud.jpg
```

The `index.html` file contains the website's HTML structure, while the `images` folder contains the product images used on the website.
